

Michael R. Baker

Technical Support

EDUCATION

Associate Degree in Applied Science
Architectural Computer Graphics
Lansing Community College

PROFESSIONAL EXPERIENCE

Mike worked for Fanning/Howey from 1996 to 2013 as a Drafter/Technician, Project Coordinator, and Structural Technician Senior Associate. He worked as a Project Engineer for Edwards Glass Company for 2 years. Mike joined the JDH Technical Support team in 2015. He has produced and completed structural drawings including framing, masonry, foundation, and detailing for schools in Michigan, Ohio and Washington DC as well as new construction buildings in excess of 300,000 square feet.

RESPONSIBILITIES

Mike is a structural engineering professional with project coordination and technical expertise. He has extensive experience in documents production with an emphasis on both the quality and quantity of document production, including structural framing, masonry, foundations and detailing
