

Walta F. Asfaw, EIT

Project Engineer

EDUCATION

Calvin College – BSCE

PROFESSIONAL EXPERIENCE

Walta began practicing structural engineering in 2011 when he interned for a structural engineering firm in Addis Ababa, Ethiopia. In 2012, he started as an intern at JDH Engineering while completing his senior year of undergraduate studies at Calvin College. He joined JDH as a full-time structural engineer the following summer after graduating from Calvin. Walta has since helped assist other project engineers at JDH with numerous projects, including industrial, commercial, and medical facilities.

PROFESSIONAL AFFILIATIONS

American Concrete Institute – West Michigan Chapter ACIWMC

American Institute of Steel Construction AISC

Masonry Institute of MI MIM

RESPONSIBILITIES

As part of his training to become a professional structural engineer, Walta assists project engineers in the design and construction process for various projects.
