

Jordan Van Eerden, EIT

Project Engineer

EDUCATION

Western Michigan University – BSCE 2013

PROFESSIONAL EXPERIENCE

Jordan began his engineering career in February of 2014 with a multi-disciplinary engineering firm where he worked as a Structural and Civil Engineer for 2 years gaining experience in design as well as knowledge of BIM. He has also gained extensive field experience through various internships while working towards his degree. Jordan joined JDH in June 2016 as a Structural Engineer and has since worked on various industrial, commercial, residential, and educational projects.

PROFESSIONAL AFFILIATIONS

American Concrete Institute ACI
American Institute of Steel Construction AISC
Structural Engineers Association of Michigan SEAMi
American Society of Civil Engineers ASCE

RESPONSIBILITIES

Jordan primarily works with senior engineers at JDH performing analysis and design of structures. His responsibilities also include structural modeling in Revit, construction document preparation, shop drawing review, and conducting site visits.
