

## **Nate VanKammen, PE**

Project Engineer

### **EDUCATION**

Western Michigan University – BSCE 2014

### **REGISTRATION**

Michigan

### **PROFESSIONAL EXPERIENCE**

Nate joined JDH in July 2021 after gaining valuable experience at an architecture & engineering firm along with 5 years of structural engineering work in the manufacturing industry. Nate has experience designing structures all over the country, including high-seismic buildings in CA and high-wind buildings in FL. His experience has included design work for buildings using steel, concrete, masonry, & timber construction. Projects have included building additions, remodels, and new construction.

### **PROJECT EXPERIENCE**

Nate has gained valuable experience in a range of projects including industrial, commercial, educational, retail, and residential. Some notable projects include:

**Hotel Rooftop Bar** – Project Engineer for a shade canopy on top of an existing multi-story hotel building in a high-wind region in New York, NY.

**COSMA Castings** – Project Engineer for a 36,000 sq-ft building expansion of an existing manufacturing facility in Battle Creek, MI.

### **PROFESSIONAL AFFILIATIONS**

National Council of Examiners for Engineering & Surveying NCEES

### **RESPONSIBILITIES**

Nate is a project engineer assisting senior engineers and project managers at JDH performing analysis and design of structural systems. His responsibilities include structural analysis and design, structural modeling in Revit, construction document preparation, shop drawing review, and conducting site visits.
