

## **Dan Rozema, EIT**

Project Engineer

### **EDUCATION**

Hope College – BSCE 2016

### **PROFESSIONAL EXPERIENCE**

Dan joined the JDH team in April 2022 after starting his career at a small consulting firm specializing in tension fabric buildings and solar carports. Since joining JDH, Dan has worked on a variety of projects including foundation design for substations, steel design for various commercial buildings, and remodeling of a hospital.

### **PROJECT EXPERIENCE**

Dan has gained valuable experience in a range of projects including industrial, commercial, retail, and residential. Some notable projects include:

**Woodview Commons** – Project Engineer for steel retail and medical office building at a planned mixed-use development in Washtenaw County, MI.

**Spectrum Hospital** – Project Engineer for remodel, including addition of RTU's on existing structure at Spectrum Health Ludington Hospital.

### **RESPONSIBILITIES**

Dan, while training to become a professional engineer, assists senior engineers and project managers at JDH performing analysis and design of structural systems. His responsibilities include structural analysis and design, structural modeling in Revit, construction document preparation, shop drawing review, and conducting site visits.
